OPERATION

ADVSEO sp. z o.o.

3rd INTERNATIONAL SCIENTIFIC CONFERENCE

TECHNOLOGIE EDUKACYJNE 2015
EDUCATIONAL TECHNOLOGIES 2015

Świnoujście-Ystad-Świnoujście
May 28-30, 2015

Patronage
Rector of Maritime University
of Szczecin
Prof. DSc. PhD. Eng. Master Mariner
Stanisław Gućma

CONFERENCE SCOPE

The Conference scope includes issues of teaching general and professional subjects. The Conference is aimed at a vast exchange of experience on the use of educational technologies in universities and educational establishments of other types. Consequently, participation of researchers and professionals engaged in general education as well as in very specific problems of professional and technical education is expected. The scope also includes the issues of distance learning and training on simulators. This accounts for the Conference scope division into two main areas: technical subjects teaching, general and non-technical subjects teaching.

Conference Programme Board

Prof. Cezary Behrendt – Maritime University of Szczecin
Prof. Marek Furmanek – University of Zielona Góra
Prof. Tatiana Grebieniuk – E. Kant Baltic Federal University (Kaliningrad - Russia)
Prof. Dorota Klus-Stańska – University of Gdansk
Prof. Alla Matuszak – Collegium Balticum Higher School in Szczecin
Prof. Elżbieta Perzycka - Szczecin University
Prof. Czesław Plewka - Koszalin University of Technology

Publications

The full texts of the papers will be reviewed and, on receiving positive reviews, published in the *General and Professional Education*.

Papers to be published should be prepared and submitted in one of the four languages: Polish, English, Russian or French according to the guidelines on website:
